

Short Bio Paolo Martini

Paolo is founder and CEO of **Be Charge** and Head of E-Mobility Recharge Solutions at **Plenitude**, one of the largest Pan-European operator in the Electric Mobility Industry.

Plenitude is building one of the most widespread proprietary infrastructures for E-Mobility in Europe, also offering flexibility services to the national electricity grid by aggregating distributed energy resources.

His professional career spans over 20 years of executive level management and accomplishments across technology, finance and business development, during which he established and developed several high-growth global businesses.

Paolo's educational background includes a Master of Business Administration from SDA Bocconi School of Management and he graduated in Economics and Management Engineering.

Paolo has served as a Board Member of several Italian and international companies.
